Ph. D.

**THE PRESIDENT'S MESSAGE**

I feel that Vincennes University has made real strides this year in becoming a true community of learning. Faculty members, students, classrooms and libraries, all in one place, do not necessarily produce the creative atmosphere which is vital for college education.

When faculty members seek the growth of the student instead of expounding a body of content, when students are truly in pursuit of knowledge and understanding instead of grades, when there comes to the campus an attitude eager for and expectant of great ideas that grip the soul with inspiration and discipline the mind with dedication, then a process of learning is present.

The academic year has brought us closer to this type of campus community. All this is to say in simpler terms that 1955-56 has been a good year at old V.U. To me, personally, it has been another thrilling year of working with our fine faculty and student body in the building of a true college community.

Sincerely,

*Isaac K. Beckes*

The Student Christian Association of Vincennes University has as its purpose the promotion of the Spiritual welfare on our Campus. We wish to help others to realize the Christian privileges and responsibilities that we have here at school. We acknowledge the problem of the busy way of life in our age but, still feel that time must be taken to uphold the Christian Principles we have received from our homes. This we must do if we are to be able to take our rightful place when we establish our own homes.

Our S.C.A. has held meetings in the excused class hour periods during the year. We were privileged to have Mr. Julius Thorn, one of the State Y.M.C.A. Secretaries, speak to our group. We are thinking of affiliating with the State S.C.A. Program. Among future plans is the sponsoring of a Vesper service to be held on Sunday afternoon for the entire college.

We appreciate the opportunities we have of meeting together for worship, to study, to share our problems, and for wholesome entertainment and fellowship. We offer this fellowship to all and especially new students who may need assistance in adjusting to college life. We welcome all denominations and strive to promote the growing feeling of Christian Brotherhood.

This has been a year that will long be remembered in Trailblazer basketball history. An inspired team throughout the season, they swept to a regular season high of 24 wins and only two losses. They were ranked second in the nation among Junior Colleges and they deserved every bit of it. This was the first year that Vincennes University had the honor to participate in the Junior College tournament held at Flint, Michigan. Being the favorite must have jinxed them because they lost their second game to a tough Wright of Chicago team. With several of the boys returning next year, we are sure that the honor of this year's team will be kept burning bright.

Congratulations to Allen Bradfield for a fine job. This year he brought even greater laurels to old V.U. when his team had a successful season of 26 wins and 3 losses. This has been a trying year for "Brad" as his Trailblazers have been plagued considerably by injuries. The slender mathematician has certainly found the right formula for a winning combination. Early in the season he decided on his "first five." His choice has proven to be a wise one as the "Big Five" has swept through virtually all competition on their way to the greatest season in Trailblazer history. We certainly hope that he has many other successful seasons in store for V.U.

# DRAMA ACTIVITIES

V.U. PLAYHOUSE is a cooperative organization as these candid shots attest. Members assisted in a festive production of Moliere's *The Doctor in Spite of Himself* in French for International Theater Week. The Presentation was directed by Miss Amy Loomis and played by members of Miss Ethel Preston's French I and II classes.

Miss Sookhi Yang performed one of her native dances at this program also.

Several students cooperated in a Holy Week Presentation of the Upper Room scene from Cowan's *Family Portrait*; taking the play to three protestant churches in three different communities.

The other pictures on this page are from the dress rehearsal of *The Devil's Disciple* by G. B. Shaw, the first production in the new auditorium.

The Coffee Shop is one of the friendliest spots on our campus. It is here you are welcomed by a gracious hostess, Mrs. Carter, who serves delicious home-cooked food.

An example of Mrs. Carter's personal interest in the students is the dinner party given for one of our new students, Miss Sookhi Yang. Sookhi, or Suzie, as she is more commonly known, is a Korean lass who has given us a brief glimpse into her country through her graceful dancing and her folk singing. Suzie was welcomed to our campus by Stephen Peck, who came to us last year from Korea.

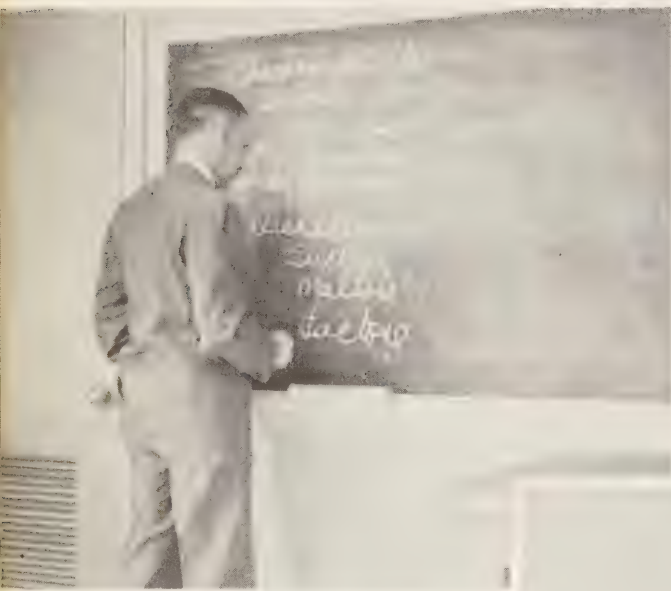

This was about the last social event held in the Coffee Shop before its move into temporary quarters in the Auditorium.
